

CONCRETE PARKING LOTS: A LOT FOR YOUR MONEY®

*American Freightways
Chesterfield, MO*

Construction Advantages of Concrete

1. One-pass completion.
2. Complete job faster, ready mix available everywhere.
3. Easy to construct, can be placed simply.
4. Cold- and hot-weather placement.
5. Simplified equipment.
6. Concrete plants can be open year-round.

Compared to Asphalt

1. Multilayered system.
2. Asphalt plants not located everywhere, may cause delays.
3. Many steps, few contractors equipped.
4. Place only in warm weather.
5. Complicated plants and machines necessary.
6. Asphalt plants shut down in cold weather.
